Reader	Diane Morgan

Concerns:

Scan Date	10/24/2023
RICA	2.4 H
LCB	1.6 H

11/07/2023

Dr. Harkin called and spoke with Nera on the phone. She does not believe that the plaques that were called are present. She said on her end they are max 1.2 and believes it just be a thickening. Nera gave the images to both readers for a blind reread. I have included those as well for your reference.
