05/22/2023 Todd: Dr. Eldredge,

I reviewed every CIMT I have ever ordered over the weekend to try to find patterns and increase my learning. I have questions regarding the following studies. Unless otherwise noted, my question for each is, "Is this a real plaque since it is only in one location?".

Krystal Anton 1/12/1970 - CIMT 7/20/2022. Plaque in one location (left bulb). Inflammation.
