<b>LCB</b>	1.4 H	.8
<b>PLAQUE BURDEN</b>	6.0	1.6

Heidi-

Heidi- Dr Ley called and was concerned that there was an increase in this patient's reports. His biggest concern was the increase in Plaque burden. He asked if we had a new reader. He is holding these reports until he hears back from us. He feels like there is too much change in this CIMT report. He asked that Todd check the images to verify.
