Today's date: 11/2/2023

QC Received by Heidi

Practice/Physician: Jacobs

Patient name: John Egentowich

Scan date: 10/10/2023

Response is made: _____

Scan/reading information:

Scan Date	10/10/2023	9/6/2022
Sonographer	Dana	Dana
Reader	Diane Nielson	Diane Nielson

Concerns:

Scan Date	10/10/2023	9/6/2022
Mean IMT	0.93	0.86
Max IMT	1.10	1.02

11/1/2023 Dr. Jacobs:

Dr. Jacobs said his increasing IMT doesn't make clinical sense. The patient has improved and is doing excellent work with diet, weight management, and exercise and his numbers are perfect. The patient did have a covid and flu shot one week prior to the test, so he is wondering if that could be the cause of some of the increasing IMT.
